

Chaplain Marcus King

Greetings, Comrades,

I'm honored to serve the Department of Oklahoma as your State Chaplain this year! There are already a few moving pieces I'm excited to share with you.

I've been passionate about the Homeless Veterans Stand Down for the past two years, and this year is no different. It's scheduled for September 5 at the Homeless Alliance downtown in OKC. I encourage all chaplains—and any available comrades—to participate. Your presence and support will make a meaningful impact.

Last year, I hosted Tuesday evening chaplain meetings via Microsoft Teams. I'm working on a plan to bring those back this year, though they may not be weekly. Stay tuned for more on that.

I'm also building plans for chaplain training opportunities this year, including time together at Fall Fest and Midwinter Conference.

Thank you for your continued support as we walk alongside our veterans and their families—steadfast, united, and compassionate.

Together in Duty and Care,

Marcus King

State Chaplain

Historian Richard Elsheimer

Boise City Post 7092 was first chartered on April 21, 1946. They earned a 75th anniversary award by then State Commander Merit in 2001. The post meetings are conducted on the 2nd Thursday of each month.

The current Post Commander is comrade Jerry Walker. The Quartermaster position is comrade Tiona Denbeck.

The current membership of 28 members is very active in community affairs such as placing flags on Memorial Day for individual military veterans who have passed on, providing color guard functions for all parades, obtaining flags for funerals of Veterans, plus providing a large amount of medical equipment for disabled persons.

Respectfully,

Richard Elsheimer

State Historian
